

container seal FC-G01

Product Name: container seals (bullet seal)

Application: All ISO standard containers, trucks, tanker truck or any other adaption requests security.

Material:- Lock body: a metal insert with high impact ABS case

- Bolt : carbon steel with zinc plate & chromate finish

Product features: easy lock, safe and reliable.

Tensile strength: >15KN

Product color: can be customized red, yellow, green, blue, white and other colors.

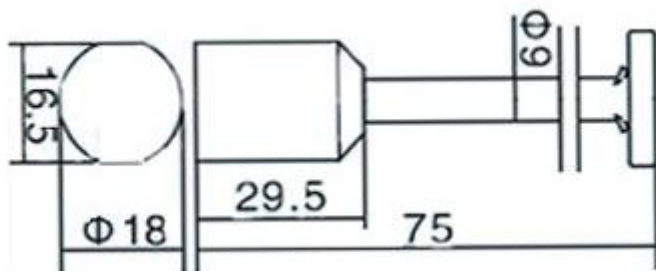

Dimension: Refer to the following picture

Packing : 25pcs/bag, 10bags/carton

Carton dimension: 40 x 27 x 14cm

Gross/Net weight: 11.5kgs/ 10.5 kgs

Customization: laser marking process for printing company name, logo, coding, bar code.

container seal FC-G02

Product Name: container seals (bullet seal)

Application: All ISO standard containers, trucks, tanker truck or any other adaption requests security.

Material:- Lock body: a metal insert with high impact ABS case

- Bolt : carbon steel with zinc plate & chromate finish

Product features: easy lock, safe and reliable.

Tensile strength: >15KN

Product color: can be customized red, yellow, green, blue, white and other colors.

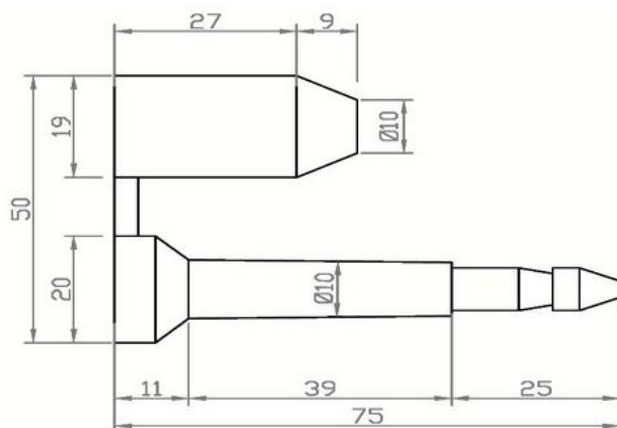

Dimension: Refer to the following picture

Packing : 25pcs/bag, 10bags/carton

Carton dimension: 43 x 29 x 14cm

Gross/Net weight: 15.8kgs/ 14.8kgs

Customization: laser marking process for printing company name, logo, coding, bar code.

container seal FC-G03

Product Name: container seals (bullet seal)

Application: All ISO standard containers, trucks, tanker truck or any other adaption requests security.

Material:- Lock body: a metal insert with high impact ABS case

- Bolt : carbon steel with zinc plate & chromate finish

Product features: easy lock, safe and reliable.

Tensile strength: >15KN

Product color: can be customized red, yellow, green, blue, white and other colors.

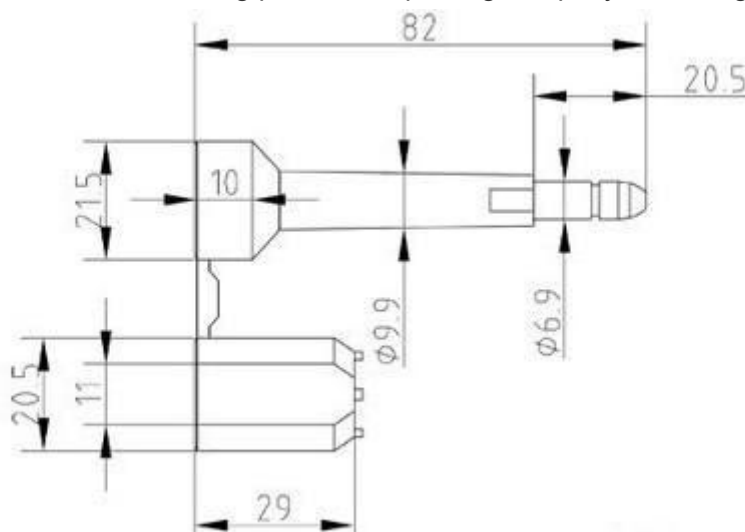

Dimension: Refer to the following picture

Packing : 25pcs/bag, 10bags/carton

Carton dimension: 45 x 30 x 16cm

Gross/Net weight: 17kgs/ 15.8kgs

Customization: laser marking process for printing company name, logo, coding, bar code.

container seal FC-G04

Product Name: container seals (bullet seal)

Application: All ISO standard containers, trucks, tanker truck or any other adaption requests security.

Material:- Lock body: a metal insert with high impact ABS case

- Bolt : carbon steel with zinc plate & chromate finish

Product features: easy lock, safe and reliable.

Tensile strength: >15KN

Product color: can be customized red, yellow, green, blue, white and other colors.

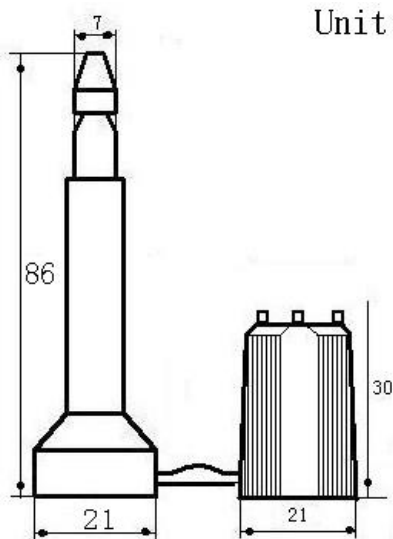

Dimension: Refer to the following picture

Packing : 25pcs/bag, 10bags/carton

Carton dimension: 45 x 30 x 16cm

Gross/Net weight: 14.75kgs/ 13.75kgs

Customization: laser marking process for printing company name, logo, coding, bar code.
